LHVA will pay for costs directly related to the project, including but not limited to, materials and supplies, admission fees, artist/presenters' fees, transportation, equipment, and printing. Grant monies may NOT be used for compensation for teachers, hospitality costs (food, beverages, etc.), capital improvements or renovations, replacement of public funds, fundraising costs, or projects that can be accomplished with existing funds.

ANTICIPATED MATCHING FUNDS			
List Matching Funds for the project. Matching Funds are monies raised for the project by the applicant above and beyond the LHVA Mini-Grant award. LHVA Educational Mini-Grant projects DO NOT require Matching Funds. Many educators successfully implement projects solely with the \$500 grant award. However, larger projects will require additional money.			
Matching Funds include financial support from government agencies, foundations, nonprofit agencies, corporation and business sponsorships, individuals, as well as earned income such as ticket sales. The total of the Anticipated Matching Funds in this table should equal the total at the bottom of column B in the "Project Budget" table above.
